

Research Activity for Inflatatopia Teams:

We will be looking for this activity to be completed for VJ #1 checkpoint on March 1 at 9:30am.

Divide the following links among your team.

Using your laptops or phones, navigate each site individually with the goal of reporting back to your team with data, ideas & image inspiration for your specific project.

Record all finding in your VJ, addressing the following questions thoughtfully:

How are elements & principles of design being used?

How does the work conceptually function?

How could this work help to inform your collaborative project {exterior, interior, surface, building structure, site specificity, craft, concept, community engagement, overall form, etc.}

Share & discuss with your findings with your team!
